

A new residential mechanical unit Permit Application requires a SITE PLAN.

At a minimum the site plan should include:

- North arrow direction (to allow for site orientation when reviewing)
- Property Address (Street number and name: eg "1234 NW Anystreet")
 - Indicate the street location and name (corner lot - show both streets)
- Property lines 
- Outline of house 
- Location of proposed MECHANICAL unit 
- Distance from unit location to property line 
- Distance from house to property line 

**** For Setback Requirements for a particular lot please contact the
City of Corvallis - Development Services - 541-766-6929 ****
